

## SNAPPED

# O, my gosh

**A**n endorsement from Oprah is a kiss from the gods — one that local designer Stacey Vance and business partner Kim Wilson of Lola Jewelry took seriously. The duo launched an homage to the media titan, who donned 6-carat, \$93,000 diamond earrings on the July cover of *O*, with a celebratory party at the Shelton Group's Dallas office on June 25. Guests were treated to "O Lola" cocktails and try-ons of the now-famous earrings. Vance also debuted Hugs and Kisses, two pendant designs with charitable causes — a portion of proceeds from each benefit local nonprofits Girls Incorporated and I Am.
